Picking Up the Pieces of What's Been Done
Be A Whole Lot Easier If I Was One
Who Had Lots of **Peace** and Luck When It'd begun
Gotta **Let It Be** cuz What's **Done is Done What's Done is Done**

Traveled Oh So Far And There's a Lot to Come
Been a **Lot o Scars** it Ain't Been Lots o Fun
Feel the Time Inside it **Ain't Over Yet**
I'm **Still on the Rise** If I Could Only Get Some Demons **Outta My Head**

I've Been Around This Track **So Many Times** There's Nothing That I can Take Back
So Many People Let U Down, That's What I Get for Living Breathing Being Around

I Can Never Seem to Just Get it Right
Always Hit or Miss and Miss is Winning the Fight
Is it All My Fault or is it My Fate
Doesn't Matter at All Because it's Not Too Late, No it's Never Too Late

This is How You Want it That's How It Will Be
Dark Can Take the Day So Easily
It's Beyond Me Why You Play This Charade
Know I'll Never be Back if It's the Choice You Made and That's the Choice You Made!

I've Been Around This Track **So Many Times** There's Nothing That I can Take Back
So Many People Let U Down, That's What I Get for Living Breathing Being Around
I'll Be Better Tomorrow But Tomorrow Is So Far Away
Good Moods You Can't Borrow, So We're **Stuck** In Here Today
Let Us Take This Hell on Our Chin It's What They'd Expect
I Guess I Never Thought I Could Win

You’re in A Weird, Weird Place to Be
You Can’t Avoid This Tragedy
You May or May Not Make It Through
But It Will Be No Fault of You

Person Next to You Just Found a Pot of Gold
Keep Your Head on Straight Never Sell Your Soul
Have Some Patience You Will Win Back Control
Learning How to **Let Go**
Learning How to Have **Hope**
Learning How to Have **Faith** Better Make it a Goal, Because You’re Gonna Get Old
So Go and Make It A Goal

We Been Around This Track Too Many Times There’s Something We Gotta Take Back
Everybody’s Let Us Down, They **Stabbed Our Backs** Just For **Living Breathing Being Around**
