
I tried to live a good life, to do what they asked of me
I never cut no corners I played as fair and square as I can be

But tell me
When an anvil falls out of the sky
And conveniently finds its way
To the center of your soul you fall in the hole and then that's where you will stay

There's nothing you can do, it's too late, there's no way out
Cuz you're done…it's over
If only I could get this damn thing off my…

Do we say: These things happen? No!!!!!

BITCH AND PISS AND MOAN AND SCREAM

I always have my music; it's so good for the soul

The only thing that drags me out of this
Never-ending, and condemning unrelenting deep deep hole

Does anyone care…
Stuck; and I can't get out
Amuck; sitting here in self doubt
Can't help but…

BITCH AND PISS AND MOAN AND SCREAM

There's so many assholes in the world
It's hard to find the ones that matter anyway
Too many people make no sense to me
It's hard to let it all sit for another day

THERE'S SO MANY ASSHOLES IN THE WORLD

Now it's all o.k. till they control the reins
Cuz then you know that something's gonna break
Or else it's up to you to keep defending what is right
I bid good luck to you - to make it through another night

BITCH AND PISS AND MOAN AND SCREAM
